

# DAYRE ETIENNE | WEB DEVELOPER

Location: Paris

---

## PROFESSIONAL PROFILE

---

"Junior web developer both front and back working with Agile scrum methodology within a big company or small and medium-sized businesses"

With the experience gained during internships and apprenticeships programs, I know how to integrate myself into a team and put knowledge and methods into practice. Mastering many computer languages such as C, JAVA, PHP, JavaScript, HTML and CSS, I am open to learning new technologies that allow me to integrate better into a team. Communication and listening are essential for effective work around a project and thereby to satisfy the customer.

---

## CORE SKILLS

---

- Communication
- Teamwork
- Concrete Organisation
- Flexibility
- Organised workplace
- Sense of Timing

---
